16 June 2010

Dear Kate,

I refer to your letter dated 15th June 2010 RE: Price Query.

Please find below responses to your queries.

- 1. Is the Company aware of any information concerning it that has not been announced which, if known, could be an explanation for recent trading in the securities of the Company?**

In answering this question please address the recent press reports about ethnic violence in Kyrgyzstan and how this may affect the Company's prospects.

Kentor Gold Limited (Kentor or the Company) is aware of many press reports relating to the outbreak of ethnic violence in Kyrgyzstan. It is our understanding that the reported outbreaks have been limited to the region around Osh and Jalalabad in the south of the country. Investors would be aware that Kentor is in the process of developing its Andash Gold/Copper project which is located in the north of Kyrgyzstan. The Andash project and Kentor's employees are not directly affected by the recent ethnic violence in the south of the country. Kentor has no additional information other than what has been reported in the press and continues to monitor the situation.

- 2. If the answer to question 1 is yes, can an announcement be made immediately? If not, why not and when is it expected that an announcement will be made?**

NA

- 3. Is there any other explanation that the Company may have for the price change and increase in volume in the securities of the Company?**

No

- 4. Please confirm that the Company is in compliance with the listing rules and, in particular, listing rule 3.1.**

The Company confirms that it is in compliance with the listing rules, in particular listing rule 3.1.

Andersen.

Yours sincerely,
